

Coaches,

The IBCA/Subway Player of the Week program will continue for the 2018-19 high school basketball season.

This is an advisory to invite you to submit nominations throughout the season. Receiving nominations directly from coaches is most helpful, in that many newspaper websites now are "pay sites" to see the articles, so we cannot see the details from games.

We also will check postings on the MaxPreps stats site and the Scorebook Live site, so if you are posting results and player data there, it also is helpful. But results need to be posted by Sunday of a given week for games of the previous Monday through Saturday to be available in time for review.

So, again, a direct e-mail to me with information is the best way to nominate a player for consider.

Thank you in advance for nominating players.

Pat McKee  
IBCA Director of Special Projects
